The Six-Step Cycle on the Learning Spiral
Wall Hanging

Mathematical	Life and Learning	Govern-ment
Given Record pertinent data correctly and completely as given in the problem. What I know.	**I Am** I know whose I am and where I am in His plan. I am **aware** of my situation and the characteristics of God. I **respond** to curiosity.	**God and Land**
Find Identify the methods and record in a logical and orderly way what is required to solve the problem.	**I Listen** I listen to and follow the promptings of the spirit and receive an **assurance** of who I am and what I am to do. I **remember** source of all learning is from God and receive knowledge.	**People and spirit**
Analysis (legislative) Compose a lawful, logical and orderly plan that is needed to solve the problem using the language of mathematics.	**I Plan** I study it out with faith and ask God if it be right. I seek to **acquire** understanding (heart). I look for symbols to help guide me to the next step to fulfill my mission and purpose. I **relate** my life to the symbols or messages I received.	**Congress**
Solution (executive) Execute the plan mathematically as described in the analysis section. Work the plan!	**I Act** I take **action** and apply the knowledge (mind) and messages. I **recognize** (act on) the principles and receive understanding (heart).	**President**
Check (judicial) Evaluate the results against the the problem to determine if it is solved correctly. If not, correct the plan and execute again to arrive at the correct answer.	**I Share** When I learn something new, I share it with others and gain more understanding. It is like checking my answers. I **retain** my learning and receive a witness that what I learned was correct and I can move forward.	**Supreme Court**
Rejoice Take time to celebrate your answer, your results, your solutions and your wins. Start solving a new problem.	**I Become** I receive intelligence, a change of heart. I **achieve** a new level, an increase of faith. I **rejoice** in my progress. I begin again at a new level on the learning spiral.	**Progress**
